Turning inspections into living intelligence

Utilise a suite of premium tools to get ahead of the competition. Speak to a member of our team about our condition monitoring program, Idwal ID.

- **Benchmarking** - Benchmark your fleet against over 15,000 Idwal Grades and see where your ship or investment sits within the world fleet.
- **Screening** - Screen over 60,000 verified and estimated Idwal Grades for potential opportunities for your business.
- **Defect Management** - Manage the defects found during inspections. Report on, open, and close defects directly through the platform.
