One platform - Whether you are viewing your report, ordering inspections or interrogating data, our online platform serves as a one-stop-shop.

Photos and Documents - Hundreds of photos and documents support every Idwal inspection.

Manage your fleet - Gain a deep view into the condition and operating liabilities of your fleet, whatever the size.

The screenshot shows the 'My Fleet' dashboard in the IDWAL system. It features a table with columns for Vessel, Actions, Idwal Grade, Trending, Technical manager, and DWT. The table lists several vessels with their respective details and status indicators.

Vessel	Actions	Idwal Grade	Trending	Technical manager	DWT
WC Jamaica 936300	Actions	92		Columbia Shipmanagement-SNG	49999
WC Mexico 9761165	Actions	91		Synergy Maritime Pte Ltd	108560
WC Dominica 9527044	Actions	88		Synergy Marine Pte Ltd	100535
WC Grenada 9330203	Actions	87		Synergy Denmark A/S	39999
WC Portugal 963064	Actions	87		Wallers Shipmanagement-SNG	23443
WC Costa 9610611	Actions	87		Columbia Shipmanagement-SNG	24538

Go further with IDWAL ID

Turning inspections into living intelligence

Utilise a suite of premium tools to get ahead of the competition. Speak to a member of our team about our condition monitoring program, Idwal ID.

- **Benchmarking** - Benchmark your fleet against over 15,000 Idwal Grades and see where your ship or investment sits within the world fleet.
- **Screening** - Screen over 60,000 verified and estimated Idwal Grades for potential opportunities for your business.
- **Defect Management** - Manage the defects found during inspections. Report on, open, and close defects directly through the platform.
