**One platform** - Whether you are viewing your report, ordering inspections or interrogating data, our online platform serves as a one-stop-shop.

**Photos and Documents** - Hundreds of photos and documents support every Idwal inspection.

**Manage your fleet** - Gain a deep view into the condition and operating liabilities of your fleet, whatever the size.

The screenshot displays the 'My Fleet' dashboard with a table of vessel data. The table includes columns for Vessel, Actions, Idwal Grade, Trending, Technical manager, DWT, and T1. The data is filtered by 'Show all' and 'Show all'.

| Vessel                    | Actions | Idwal Grade | Trending | Technical manager           | DWT    | T1 |
|---------------------------|---------|-------------|----------|-----------------------------|--------|----|
| WC Jamaica 996300         | Actions | 92          |          | Columbia Shipmanagement SNG | 49999  |    |
| WC Mexico 9761165         | Actions | 91          |          | Synergy Maritime Pte Ltd    | 108560 |    |
| WC Dominica 9527044       | Actions | 88          |          | Synergy Marine Pte Ltd      | 100535 |    |
| WC Grenada 9630001        | Actions | 87          |          | Synergy Denmark A/S         | 39999  |    |
| WC Portugal 9610463       | Actions | 87          |          | Wallers Shipmanagement SNG  | 23443  |    |
| WC Peru 9610811           | Actions | 87          |          | Columbia Shipmanagement SNG | 24538  |    |
| WC Jordan 9528470         | Actions | 87          |          | Bernhard Schulte-WIG LP     | 109999 |    |

# Go further with IDWAL ID

Turning inspections into living intelligence

Utilise a suite of premium tools to get ahead of the competition. Speak to a member of our team about our condition monitoring program, Idwal ID.

- **Benchmarking** - Benchmark your fleet against over 15,000 Idwal Grades and see where your ship or investment sits within the world fleet.
- **Screening** - Screen over 60,000 verified and estimated Idwal Grades for potential opportunities for your business.
- **Defect Management** - Manage the defects found during inspections. Report on, open, and close defects directly through the platform.
